

## **Integra LifeSciences Announces Multi-Year Agreement With Premier Purchasing Partners to Provide Neurosurgical Products**

PLAINSBORO, N.J., Sept. 1, 2011 (GLOBE NEWSWIRE) -- [Integra LifeSciences Holdings Corporation](#) (Nasdaq:IART) today announced that it has signed a new multi-year contract with Premier Purchasing Partners, L.P., the group purchasing unit of the Premier healthcare alliance, to provide dural repair, neuro trauma (neuro critical care), neuro instrumentation, hydrocephalus and neurosurgical closure products to Premier's member hospitals.

"We are very pleased that Premier has selected Integra as a contracted provider of market-leading neurosurgical products to its broad base of over 2,500 acute healthcare facilities," said Chris Thatcher, President, Integra Neurosurgery. "The renewal of this contract validates our long standing relationship and commitment to provide Premier's client base with the most advanced and innovative neurosurgical products and highest quality services."

"Integra is one of the world's largest suppliers of neurosurgical products, and we're very excited that we've been able to renew our contract with Premier and offer its members access to our extensive product lines," said Tim McCarthy, Vice President of Sales. "Furthermore, we are the only vendor currently contracting with Premier for Neuro Critical Care products, such as our Camino® monitoring system, which helps limit uncertainty in the important area of monitoring patients in a hospital's neuro intensive care unit."

Premier's member hospitals will also have access to Integra's DuraGen® family of products for dural repair, which are backed by an extensive safety record and have been used in over 1,000,000 implantations; and its devices for the management of hydrocephalus, which include the OSV II® and Integra NPH™ systems, both of which offer a unique flow-regulating valve that constantly adjusts to meet a patient's changing physiological requirements without the need for external programming. Integra also offers one of the industry's most comprehensive surgical instruments inventory, through its Ruggles™ Redmond™ Neuro/Spine Instruments.

Integra is a leading provider of products used for dural repair, tissue ablation, management of hydrocephalus, neuromonitoring and drainage. Brands associated with Integra are DuraGen® duraplasty products, CUSA® systems, Camino® and Licox® systems, OSV II® and Integra NPH valves, MAYFIELD® devices, and Ruggles™ Redmond™ Neuro/Spine Instruments.
