Integra LifeSciences launches SurgiMend® MP Collagen Matrix for Hernia Repair

SurgiMend MP is a collagen matrix for soft tissue reconstruction, featuring a highly macroporous design

PLAINSBORO, N.J., May 12, 2017 (GLOBE NEWSWIRE) -- [Integra LifeSciences Holdings Corporation](#) (Nasdaq:IART), a leading global medical technology company, today announced the launch of SurgiMend MP, its latest offering in tissue-building solutions for complex abdominal hernia repair. SurgiMend MP is a strong, 2mm thick acellular collagen matrix featuring a highly macroporous design that facilitates fluid drainage. The product offers physicians a biologic, yet cost-effective alternative to resorbable synthetic mesh to support healing, tissue building, and prolonged reinforcement in abdominal hernia repair.

"The addition of SurgiMend MP to our portfolio of biologic soft tissue repair products for hernia repair, and plastic and reconstructive surgery, provides general, trauma, colorectal, and plastic and reconstructive surgeons with another innovative solution in their surgical tool set," said Bob Davis, corporate vice president and president, Orthopedics and Tissue Technologies. "We believe SurgiMend MP will significantly strengthen our ability to limit uncertainty for surgeons looking to meet the challenging hernia repair needs of their patients with complex abdominal wall conditions."

SurgiMend MP is intended for implantation to reinforce soft tissue where weakness exists and for surgical repair of damaged or ruptured soft tissue membranes. SurgiMend MP is specifically indicated for plastic and reconstructive surgery, muscle flap reinforcement, and hernia repair, including abdominal, inguinal, femoral, diaphragmatic, scrotal, umbilical, and incisional hernias. SurgiMend MP will be available in numerous sizes ranging from 10cm x 15cm up to 25cm x 40cm to meet the varying needs of surgeons and their patients.

About Integra

Integra LifeSciences is dedicated to limiting uncertainty for clinicians, so they can concentrate on providing the best patient care. Integra offers innovative solutions, including leading plastic and regenerative technologies, in specialty surgical solutions, and orthopedics and tissue technologies.
