This Amendment to Supply, Distribution and Collaboration Agreement (this "Amendment") is effective as of September 30, 2003 by and between Integra LifeSciences Corporation, a Delaware corporation ("Integra") and Ethicon, Inc., a New Jersey corporation ("Ethicon") on behalf of its Johnson & Johnson Wound Management(TM) division.

WHEREAS, Integra and the Johnson & Johnson Medical division of Ethicon, Inc. ("JJM") entered into a Supply, Distribution and Collaboration Agreement, dated June 3, 1999 relating to the Integra(TM) Dermal Regeneration Template(TM) (the "Original Agreement"); and

WHEREAS, Johnson & Johnson Wound Management(TM) ("JJWM") is the division of Ethicon which is the successor through reorganization of Johnson & Johnson Medical(TM) ; and

WHEREAS, Integra and JJWM deem it in their mutual interests to amend the Original Agreement in the manner described below.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements contained herein, the parties hereto, intending to be legally bound, hereby agree as follows:

1. General. The purpose of this Amendment is to amend certain specific provisions of the Original Agreement. All capitalized terms used but not defined herein are used as defined in the Original Agreement. Except as expressly modified by this Amendment, all terms and conditions of the Original Agreement shall remain in full force and effect. The Original Agreement as amended by this Amendment is referred to as the "Agreement."

2. Replacement of References to JJM. All references to JJM in the Original Agreement are hereby amended to be references to JJWM.

3. Adjustment of Termination Date; Orderly Transition.

(a) Section 29.1 of the Agreement is hereby amended in its entirety to read as follows:

Section 29.1 Term. The term of this Agreement shall commence on the date hereof and shall expire on December 31, 2003. For purposes of this Agreement, such period shall be referred to as both the "Initial Period" and the "Term". JJWM shall have no right to extend the Term of this Agreement and any references herein to "Extension Periods" shall be of no force or effect.

(b) During the period between the date of this Amendment and the expiration of the Term of the Agreement, except as otherwise expressly provided for in this Amendment, the provisions of the Agreement shall remain in full force and effect, JJWM shall continue to use its commercially reasonable efforts to market and sell the Products in the Territory and JJWM shall not enter into any transactions or take any actions with respect to the Products other than in the ordinary course of business consistent with its past practices, and Integra shall continue to meet JJWM's purchase orders consistent with its past practices.

(c) During the period between the date of this Amendment and the expiration of the Term of the Agreement, the Joint Steering Committee shall meet at intervals no less frequent than once every two weeks to plan for and coordinate an orderly transition from JJWM to Integra of the marketing, sales, distribution, order processing, billing and collection, intellectual property, domestic and international complaints management, regulatory matters, clinical matters and research and development, in each case relating to the Products throughout the Territory, and JJWM shall use all commercially reasonable efforts to effect such transition at its expense prior to January 1, 2004 (except for those elements of the

transition that the parties agree shall occur after such date). Such transition plan (the "Transition Plan") shall include, among other things, the elements specified in Exhibit A to this Amendment (the "Transition Plan Requirements").

(d) During the period between the date of this Amendment and the expiration of the Term of the Agreement, Integra agrees to refrain from direct contact with any of JJWM's customers of Product relating to the marketing and/or sales of such Product without the prior written consent of JJWM. Notwithstanding the preceding sentence, JJWM will work with Integra on developing and implementing a plan where joint customer visits will be initiated in December 2003.

In addition, notwithstanding the provisions of Section 4(a), JJWM shall have no obligation to purchase forecasted quantities of Products for any time period after December 31, 2003.

Integra LifeSciences Announces Plans to Market  
INTEGRA Dermal Regeneration Template(R) through its Direct Sales Force

Alliance with ETHICON, Inc. to Terminate at end of 2003

Plainsboro, NJ / October 6, 2003 / -- Integra LifeSciences Holdings Corporation (NASDAQ: IART - news) announced today that it has reached agreement with ETHICON Inc. for the return to Integra of the exclusive right to sell, market and distribute the INTEGRA Dermal Regeneration Template(R).

The INTEGRA Dermal Regeneration Template is the first and only product to receive FDA approval as a skin replacement system with a claim for regeneration of dermal tissue for the treatment of life-threatening burns and repair of scar contractures. INTEGRA Dermal Regeneration Template was developed by Integra LifeSciences Corporation, and has been sold in the United States since 1996. In that time, the INTEGRA product has helped thousands of patients recover from severe thermal injuries.

ETHICON will continue to sell and market the product through the end of this year under the terms of a 1999 supply and distribution agreement between Integra and ETHICON. In 2004 Integra LifeSciences Corporation will resume exclusive responsibility for the sales, marketing and distribution of the product. Integra and ETHICON are working together to develop a plan to ensure a smooth transition of the product's distribution.

"We are delighted to again take responsibility for the sales, marketing and clinical education for this extraordinary product," said Stuart M. Essig, Integra's President and Chief Executive Officer. "In the four years that ETHICON has managed the INTEGRA product, it has attained widespread use in burn units for the treatment of life threatening burns. Going forward, our objective will be to continue to expand the usage of INTEGRA Dermal Regeneration Template to the plastic and reconstructive markets."

Integra expects the impact of the amendment to be accretive to earnings in 2003 and neutral or accretive to earnings in 2004. Certain amounts, including event payment revenues related to the prior achievement of clinical and regulatory events, and various revenues, transition costs and other income amounts related to the amendment, will be recognized during the third and fourth quarters of 2003. Additional financial information will be made available on Integra LifeSciences' quarterly earnings conference call, which is scheduled for October 31, 2003 at 9:00 a.m.
